

The **ASHRAE-NY Chapter** is celebrating 100 years this October. Having the support of our industry leaders has enabled the chapter to be a true leader in ASHRAE. Over the last 100 years, this chapter has provided invaluable information in the form of seminars, lectures, trainings, and forums to the New York City engineering and building community. Chapter member volunteers have been honored with some of the most prestigious ASHRAE Society awards, and our long-standing commitment to this community has resulted in our chapter being one of the largest in the country.

Please support the ASHRAE-NY Chapter in celebrating this historical event. A Centennial Gala will be held, Friday, October 21st, 2011 at Club 101.

As a gift to attendees, the chapter will give a hard cover book documenting the events of the ASHRAE-NY Chapter and the building community over the last 100 years. Contributing Sponsors will have their company names listed in the book based on their donation tier:

Silver	\$1,000
Gold	\$2,500
Platinum	\$5,000

Due to the time required for printing, we ask that all sponsors respond no later than **Thursday, September 15, 2011.**

SPONSORSHIP FORM:

Company Name: _____
 Name: _____
 Address: _____
 City, State, Zip: _____
 Phone: _____
