March 28th, 2025

presented by
DOB Sustainability Bureau

Presenters

LL97 Timeline

LL97 TIMELINE

For Filing Extensions and Submitting Compliance Reports

Grace periods & extensions apply to LL88

Local Law 97 Reporting Process

The following three email addresses entered in DOB NOW will serve as the **only** email addresses to view building profile in the Building Energy Analysis Manager (BEAM).

- Owner
- Owner Representative
- Service Provider (RDP/RCxA) - *optional if owner's rep is also service provider*

- **Applicable only for the first compliance period (CY 2024-2029)**
- **What is a combined report?**
 - Multiple buildings submitted together under a single DOB NOW filing fee & registered design professional (RDP) attestation.
- **When will this be accepted?**
 - When buildings:
 - i) Have the same owner;
 - ii) Are on the same lot or adjacent lots; **and**
 - iii) Follow the same Local Law 97 (LL97) compliance pathway.

Combined reports must still show **separate calculations** for each building's emissions and emissions limit calculations, **UNLESS** the buildings also share energy service, in which case such buildings' emissions and emissions limit calculations may be aggregated.

[Local Law 97 \(LL97\) Compliance Report Submission Process](#)

Combined Reports: Multiple Buildings, Same Owner

Combined Reports: Multiple Buildings, Same Owner

Aggregated Reporting – What is it?

What is an aggregate report?

- Multiple buildings combine their emissions **limits** into **one total limit**
- Multiple buildings combine their **annual emissions** into **one total emissions value**

How is compliance assessed on an aggregate report?

Compliance is assessed at the aggregate level (*Parent Property in ESPM*)

- **Compliant:**
 - Total **aggregate annual emissions** $\leq$ Total **aggregate emissions limit**
- **Not Compliant:**
 - Total **aggregate annual emissions** $>$ Total **aggregate emissions limit**
 - *If not compliant, penalties are issued at the BIN level*

Requirements for Aggregated Reporting

DOB NOW Payments

- Identify exact BBLs and BINs in the combined report

Energy Star Portfolio Manager (ESPM)

- List all Borough Block Lot (BBL(s)) and Building Identification Number (BIN(s)) in the Parent Property
 - Energy consumption is pulled in from the Parent level only, not the child property
- List each BIN as an individual Child Property
 - For each BIN, specify Property Type & Gross Floor Area (GFA)

Building Energy Analysis Manager (BEAM)

- Compliance assessed at the aggregate level
- Emissions apportioned per BIN based on weighted average of emissions limit

RDP must apportion emissions by BIN for penalty issuance

- **When BBL/multiple BBL (Parent Property Data) is Imported into [BEAM](#):**
 - **Auto-proration per BIN** based on **weighted average of limits**
 - *(GFA × Property Type Emissions Factor, from each child)*
 - If emissions proration is inaccurate:
 - **Use [Ticket #7](#)** ("Block Proration") to manually adjust emissions per BIN, based on % energy
 - **For further precision**, contact DOB for case manager assistance *(assigned for complex campuses)*
 - If emissions limit requires further refinement:
 - **Use [Ticket #4](#)** ("LL97 Building Emissions Limit") to provide more granular property types and GFA
 - Submit individual Ticket per BIN

Two Ways to Apply Deductions: *(Pick one – both approaches cannot be combined)*

- **Aggregate Level (BBL/Parent Level) → Use [Ticket #6a](#)** ("Campus Deductions")
- **Building Level (BIN/Child Level) → Use [Ticket #6](#)** (per BIN)
 - *If Fuel Cell and/or Beneficial Electrification deductions are taken, you must submit individual Ticket #6s*

Critical Information for DOB NOW: Safety

The **Owner, Owners Representative, and Service Provider (RDP/RCxA) email** addresses **must be** provided in the DOB NOW Filing Fee process.

- These **3 email addresses** are the only way to **access** your building profile in **BEAM**.
- While you may be able to create a BEAM account without submitting a DOB NOW filing fee, applicable building information will **not** be present in your building profile.
- The **BEAM account** must be **created** using **one of the three email addresses** identified in the LL97 DOB NOW Fee portal associated with the BIN/BBL.

Email addresses entered in DOB NOW will serve as the **only** email addresses to view building profile in BEAM.

- Owner
- Owner Representative
- Service Provider (RDP/RCxA)

DOB NOW Filing Fee Payment information and submitted emails are transferred to BEAM on a nightly basis. It is not possible to complete a BEAM report in one day.

Combined Reporting: Article 320, Aggregate/Mixed

- **Aggregate Reporting** (All Buildings Report Together)
 - **1 BBL, multiple BINs**
 - **Multiple adjacent BBLs, multiple BINs**
- **Mixed Reporting** (*contact DOB for Case Manager*)
(*Some Buildings Aggregate, Others File Separately or Are Exempt*)
 - **1 BBL, multiple BINs** → Can remove one or more BINs from aggregate emissions
 - **Multiple adjacent BBLs, multiple BINs** → Can remove one or more BINs from aggregate emissions

Combined Reporting: Article 320, Aggregate/Mixed

The 2024 pathway Article 320 buildings share energy service and may submit an Aggregate Report with aggregated emissions.

- Taken as a whole, the three BBLs constitute Mixed Reporting since they cannot all be aggregated.

Combined Reporting: Article 321 PECMs

- **Applicable Building Scenarios**
 - Multiple BINs under a single or multiple adjacent BBLs
 - Compliance is **assessed at the BIN level**
- **Filing Fees**
 - **\$210** flat fee per combined filing
- **ESPM Creation**
 - **Only required** if subject to LL84
- **BEAM Reporting Requirements**
 - **Each BIN must submit a separate report**
 - **Each BIN requires:**
 - Individual [Ticket #5 submission](#)
 - *Use the same DOB NOW payment confirmation number for each report*
 - Individual [PECM template & attestation](#)

Combined Reporting: Article 321 PECMs

Combined 321 report: single fee but separate BEAM ticket submissions

- **Step 1: Configure ESPM Campus Property**
 - Configure the BBL or multiple adjacent BBLs as the Parent Property – all utility data aggregated at this level
 - Each BIN list listed as a Child Property – each child lists the GFA and Property Type(s) per building
- **Step 2: Share ESPM data with NYC**
 - Data will pull into BEAM and create a profile for the "combined report" in BEAM
- **Step 3: BEAM Assesses Auto-Proration of Emissions by BIN**
 - **BBL (Parent Level)** energy/emissions apportioned automatically based on **weighted emissions limits per BIN**
 - **BIN-level emissions limit** = $\text{GFA} \times \text{property type emissions factor}$
- **Step 4 (optional): Provide more granular Property Type & GFA breakdown to adjust BIN-level emissions limit**
 - **Article 320 - Ticket #4:** Refine BIN-level Emissions limit by providing more detailed GFA & Property Type
 - *If filing Article 321 2030 limits – Ticket #5: Refine BIN-level Emissions limit*
 - Emissions apportioned will update based on updated limits per BIN

- **Step 5: RDP Review of BIN-level Emissions & Adjustments**
 - RDP reviews auto-proration of BIN level emissions, if RDP agrees, proceed to Step 6
 - If RDP disagrees:
 - [Ticket #7](#): "Block Proration" to assign % energy use per BIN **OR**
 - **Contact DOB** if further refinement is needed
- **Step 6 (optional): Deductions & Alternative Methodologies**
(Choose one level: Aggregate or Building level, never both)
 - **Aggregate-level deductions** → **Ticket #6a** "Aggregate Deductions" **OR**
 - **Building-level deductions** → [Ticket #6](#) "Deductions and Alternatives..."
 - *If Fuel Cell and/or Beneficial Electrification deductions are taken, you must submit individual Ticket #6*
- **Step 7: Final Attestation**
 - **Ticket #15**: "Aggregate Report Attestation"

Note: Use the same DOB NOW payment confirmation number for each report

Ticket #4: Refinement of BIN level Emissions Limits (optional)

More granular Property Types can be applied to individual BINs and will adjust the aggregated emissions limit

Submit a 04. LL97 Building Emissions Limit & RDP Attestation (Article 320)
